

# Social Awareness

## FOR CHIDCARE PROGRAMS AND PLAYGROUPS

*Autism Canada's Literacy Program for Social Awareness in Childcare Programs and Playgroups offers strategies for fostering positive interactions with neurodivergent children. The program provides guidance on effective communication with caregivers and advocates for creating a safe and inclusive environment for all participants.*

### Why take this training?

Establishing an inclusive daycare is crucial for creating a supportive environment for every child, regardless of their abilities. If you run a childcare center, ensure you have an inclusion policy that outlines your commitment to fostering inclusivity, detailing goals, strategies, and procedures for diverse abilities. Collaborating closely with families is essential in understanding and supporting each child's needs. Maintaining a strong partnership with families is imperative, as inclusion is an ongoing process, requiring regular evaluation and adjustment of policies to ensure effectiveness.
